## *1872-2022*

**2022 Florence Township Community Calendar**

## TOWNSHIP OF FLORENCE

The 2022 Florence Township Community Calendar commemorates our 150th Anniversary as Florence Township. On March 7, 1872 we officially separated from Mansfield, Springfield and Burlington Township to be our own municipality. Many photos are from the Florence Historical Society who have preserved so many of our communities' memories. The evolution of a community is something special to observe. We are unique in that early industry provided a livelihood ushering some of the first residents to our town. Products produced have had an impact on development throughout the country. The forming of neighborhoods, schools and churches brought families together and established friendships that have continued for generations. Many families continue to call Florence Township home today, and many more have settled here where together are a part of our present and are forming our future. Over time some things have changed, but much has remained the same. Our memories of those that have come before us are the foundation of these 150 years. We encourage all residents to be active members of your community. We look forward to placing photos of events and activities that you are a part of for years to come.

As always, I must extend special thanks to those who make this calendar a success each year. Thank you to the Florence Township Fire Company #1 and Florence Twp Civic Association for their help with coordinating and soliciting our calendar sponsors. Special **Thank You** to the Scouts of Roebing Boy Scout Troop 3 who distributed the calendar to every home in the community. Their teamwork and planning efforts make the calendar distribution look easy. Lastly, the calendar would not be possible without donations from our sponsors listed in the back of the publication. Thank you to our sponsors for their financial support.

Each year, we have expanded the calendar to not only include township meetings but also many other programs sponsored during the year. As we continue to move forward while maintaining recommended protocols, we look forward to bringing back many events and activities for our community to enjoy. I hope you will show your support by attending these exciting community events, meetings and programs listed in the pages of the calendar. One of the strengths of our community is our volunteer organizations. I encourage you to get involved with their worthwhile endeavors. Because of their efforts, Florence Township is a better place to live.

As we move into 2022, I want to remind you to please stay tuned to our news and information platforms as they continue to grow and become a more efficient method of communication. I encourage you to sign-up for the Township Website updates and follow the Township of Florence and the Florence Township Police and Fire Department pages on Facebook. You can also consider signing up for emergency notices through Nixel and Civic Ready 911.

For the tech savvy, you can scan these QR codes to access some of our communication mechanisms.

CRAIG H. WILKIE, MAYOR

## Florence Township Annual Municipal Stormwater Information

Dear Residents and Business Owners:

As you may be aware, the State of New Jersey requires all municipalities to distribute certain information each year relating to the protection of our water resources and stormwater management. This letter will give you a basic overview and information about what Florence Township does to promote water protection and stormwater management in our community.

Florence Township has several ordinances that relate to stormwater management and protection of our water resources. Chapter 123 of the Township Code regulates Pet Waste, Littering, Improper Disposal of Waste, Wildlife Feeding, Yard Waste, Refuse Containers, and Illicit Connections to storm collection systems.

Littering is unlawful on public and private lands and this includes scattering of handbills, circulars and other forms of advertisement. Trash, tires and other items are regarded as waste and should be in enclosed containers with tight fitting lids that prevent spillage.

The feeding of unconfined wildlife such as Canadian Geese, migratory birds or other large numbers of wildlife is prohibited. Dense wildlife numbers in the state have contributed to concerns of feces polluting streams, rivers, ponds and lakes. Even pet waste should be cleaned up immediately from public and private lands and disposed of properly.

Illicit connections to stormwater collection systems are another concern that contributes to a multitude of pollutants of our waterways. Some types of illicit connections include: sewer or gray water discharge, floor drains in contaminated areas, unprotected yard or roof drains, etc.

Chapter 91-75 and its corresponding sections of the Township Code address design standards for construction and public and private storm drain inlet retrofitting.

The state and the township require that new construction or land development applications meet a series of tests to verify that each new project conforms to the latest best management practices for stormwater management and water protection.

In addition, storm drain inlets are required to be retrofitted any time a qualifying work takes place on or near the inlet. You may be familiar with inlet retrofitting because you can see the smaller size of the openings on the grate and back portion of the inlet components. This smaller opening acts to prevent trash and debris from entering the stormwater system and finding its way to our rivers, lake and streams.

For more information on the municipal code, stormwater management, and water protection measures, please visit the Florence Township Website at [www.florence-nj.gov](http://www.florence-nj.gov) and click on the link for Stormwater Management under the Documents tab on the left side of the page.

Thank you for taking the time to read this information and for your concern for the environment.

## Dr. Trall's Hygeian Home & Hygeio Therapeutic College

*Dr. Trall's Hygeian Home was located at the top of the hill on East Front Street (near Oak Street). The building measured 250 feet long and could accommodate 300 persons. It was 4 stories high.*

*Used originally as a boarding house in 1850, it became a hospital for Civil War soldiers later, and then Dr. Trall's in 1867.*

*It burned to the ground in 1879, and rumors circulated that Dr. Trall was buried on the grounds after his death in 1877 with a pile of rocks to mark his grave.*

## Florence Township Churches

Some of the oldest buildings in our community are houses of worship.

Over our town's history, churches have served as places where countless residents have come together not only in prayer but in celebration of life and new beginnings, for comfort when saying goodbye to loved ones and delivering words of inspiration and guidance.

Sts. Stephen and Barnabas Episcopal Church

Florence United Methodist Church

Hungarian Reform Church

Formerly St. Clare Roman Catholic Church, and is now United Christian Assembly Church

Formerly First Baptist Church, and is now Riverfront Chapel

## Municipal Buildings

Originally known as the Florence Hotel (as pictured in 1907) it welcomed steamships carrying tourists until closing in the 1920's.

It served as the township municipal building from 1950 until it was destroyed by fire in 1979.

The current township municipal building was dedicated in June 1982 and has since been developed to house a full municipal complex with athletic fields, walking paths and playgrounds.

## Patriotic Days of the Past!

Our annual patriotic events are an exciting mid-year celebration both honoring our veterans and celebrating our freedom & sense of community.

Parades thru town have brought smiles and decorated floats of local businesses and organizations while they traveled thru town in unison.

Pipe Foundry Celebrates  
200 years - 1803-2003

## Szucs Meat Market

Szucs opened in 1917 just a day after John & Josephine Szucs were married.

Szucs have served their famous kielbasa and meat products for over 100 years, many times with lines wrapping around the building.

Pictures provided by owners John & Denise Groze

# Scarecrows Haunt Main Street Once Again

Again this year the Roebling Historical Society Scarecrow Contest was a big hit for residents of the Roebling Village.

Dozens of scarecrows created by individuals, groups and businesses were displayed around the circle for onlookers and Trick or Treaters to enjoy. This year’s winner was the amazing light up robot (Equipped with surveillance camera) by the March 4th Team of Brett, Lauren & Colette Buddenbaum.

Great job  
by everyone!
